

*Advancing the Practical Application
of Suspension Technology*

H & CH 9600 PRICES & WEIGHTS

1. All prices shown are approximate list prices **less** 354-00 springs. The use of other springs and their associated components may result in slight variations in price. For units **with** springs see the Spring Prices sheet for the net amount to be added to the unit price calculated, based on your discount.
2. Weights given are approximate for units **less** 354-00 springs.
3. For units of more than two axles, equipped with taper leaf springs, add \$21.36 list/"Multi-Axle Conversion Kit" (MAC) for bumpout blocks. Each MAC requires four bumpout blocks.
4. For units with "Limited Spring Freeplay" contact Hutchens Industries.
5. All prices shown are for 5" round axles. Contact Hutchens for pricing on other axle shapes.
6. Our standard tandem axle spacing is 49". For axle spacings not listed (i.e., 42", 44" and 51"), special assemblies or unassembled units, contact Hutchens Industries.
7. Terms: Net 30 days, with approved credit, on all items.
8. Prices are F.O.B. our factory, and are subject to any applicable taxes.
9. Though we make every effort to notify all customers in advance of any price change, **prices are subject to change without notice.**
